Katrina, here is the news release for the public meeting. Also, I am attaching our flyer that we sent to the email list that I have for the site.

Thanks!  
Amy

## **DEQ and EPA to Hold Community Meeting to Discuss Superfund Site in Bristow**

The Oklahoma Department of Environmental Quality (DEQ) and Environmental Protection Agency (EPA) will host a community meeting scheduled from 5 p.m. to 7 p.m., Wednesday, October 21, 2015, to discuss the Wilcox Oil Company Superfund site. The community meeting will be held at the Bristow Library, located at 111 West 7<sup>th</sup> Ave., Bristow, Oklahoma. Representatives from DEQ and EPA will be available to discuss and answer questions related to the site. Participants will learn about the Superfund process, recent sampling events and future plans for the site. The public will have the opportunity to talk directly with agency representatives from 5:00 to 5:30 p.m. This will be followed by a brief presentation and open time for questions.

The Wilcox site was added to the National Priorities List (NPL), also known as Superfund, December 12, 2013. The Wilcox site consists of the former Lorraine/Wilcox Refinery and was used by two different refineries with overlapping boundaries from 1915 to 1965. The two refineries span approximately 125 acres. The site includes remnants of former oil refining operations and tank farms.

For more information about the Wilcox Oil Company Superfund Site, contact Katrina Higgins-Coltrain, U.S. EPA Remedial Project Manager, at 214-665-8143 or Todd Downham, Oklahoma DEQ Project Manager, at 405-702-5136.

Press inquiries should be directed to Skylar McElhaney at 405-702-7167 or Erin Hatfield at 405-702-7119, both with DEQ, or the EPA Press Office at 214-665-2200.

###
